

**DENVER COLORADO CATERING**  
BY CHEF DENNIS BERRY

## Sample Cooking Classes

Would you like to take your cooking skills to the next level? A private cooking class in Denver Colorado with Chef Dennis Berry will definitely help you achieve your goal. Whether it is a beginner cooking class in knife skills or a master chef class where we might prepare some braised short ribs, you will definitely leave more skilled and knowledgeable than when you began.

## Sample Cooking Classes Menu

### 1. Demonstration/Presentation Classes

This is where I will do the cooking. We will usually choose 1-3 dishes and I will prepare, entertain, and answer questions along the way.

Class times vary, but usually run about 2 hours.

### 2. Actual hands On Classes

This is where we have an agenda and stations. Each person in the "party" is a participant, usually in pairs, and we prepare a couple dishes together then eat our hard work. This works well for smaller groups. If there are more than 6-8 people, it gets hard to have everybody participate, with cutting boards, knives, ingredients, and other appliances and utensils.

Class times are usually 2-3 hours.

Menus for classes vary based on tastes and wishes. We can prepare anything you want. I would shy away from items with long cooking methods/times like Pulled Pork Shoulder or Beef Bourgoiugnon because there is a lot of time in the oven waiting. In some cases it can be many hours or even overnight. SO... for that reason, I recommend dishes with short cooking times.

Please review all of my menus on the website, or even on the Culinary Fitness website([www.CulinaryFitness.com](http://www.CulinaryFitness.com)) where you can see me perform in over 100 videos.

## Cooking Classes

I've done many cooking classes during my career, including as a culinary arts instructor at Colorado Mountain College. There are 2 different methods I offer
